Bachelor of Engineering
in Computer Science
WSB Merito University, Chorzów.
- 2016 - 2020
IT Technician
Technical and General Education School
Complex (ZSTiO), Tarnowskie Góry.

About Me

I'm a full-stack engineer focused on building modern, high-quality web experiences. I work across the stack with tools like React, Next.js, and Supabase, and I care deeply about clean architecture, thoughtful design, and smooth, expressive motion. I continuously refine my skills through hands-on projects and real-world challenges.

Experience

- 2022 - 2025
Web Developer & IT Support
 - Built and maintained company websites, implementing updates, content changes, and technical enhancements to ensure reliability and modern functionality.
