Full tech stack, my proficiency and projects detailed at **https://maciejpolowy.space/**.

Education

- **2021 - 2025**
  Bachelor of Engineering in Computer Science
  WSB Merito University, Chorzów.

- **2016 - 2020**
  IT Technician
  Technical and General Education School Complex (ZSTiO), Tarnowskie Góry.

About Me

I'm a frontend engineer focused on building modern, high-quality web experiences. I specialize in React and Next.js, and I care deeply about clean architecture, thoughtful design, and smooth, expressive motion. I work closely with backend services to deliver polished, user-centric interfaces, and I continuously refine my skills through hands-on projects and real-world challenges.

Experience

- **2023 - 2025**
  Web Developer & IT Support
  - Built and maintained company websites, implementing updates, content changes, and technical enhancements to ensure reliability and modern functionality.
  - Diagnosed and resolved performance issues, improving site speed and user experience through targeted optimizations.

  BBB Industries, Tarnowskie Góry

- **2022 - 2023**
  Web Developer
  - Managed the full website lifecycle, including regular updates, performance monitoring, and troubleshooting to maintain security, speed, and uptime.
  - Delivered usability improvements for customers while supporting general IT tasks.

  Rzemyk Travel, Tarnowskie Góry

- **2019**
  Frontend Developer Intern
  - Contributed to UI updates using HTML, CSS, and JavaScript, building hands-on experience with modern frontend practices.
  - Mastered professional workflows, including Git version control and team collaboration.

  Inforsound, Koszęcin
